

cocktail art, empowered

The Modern Mixologist barware line has everything the professional bartender needs to artfully prepare virtually any handcrafted libation. Beginning with the core of the line, the Boston shaker set is flawlessly sculpted for preparing any cocktail that is crafted by either shaking or stirring.

The strainers (Hawthorne & Julep) are designed with the perfect fit to work seamlessly with the Boston tin and mixing glass. The versatile, tightly-crafted hand citrus juicer extracts juice with precision. The Martini Beaker, paired with the twisted long handled bar spoon, is an elegant and sexy way to prepare any stirred cocktail. All around, these tools liberate creativity and empower the mixologist to become an artist.
