RYAN SMITH EXECUTIVE CHEF & PARTNER • *Staplehouse Atlanta, GA*

From the beginning Steelite has been so great to work with. I love the creative diversity in their designs. Their level of integrity is unmatched and their product is just a pure joy to plate on.

KEVIN D. GILLESPIE PRESIDENT AND CHIEF IDEAS MAN • *Gunshow Atlanta, GA*

With a restaurant that serves so many different styles of food it can be difficult to find the right service-ware that is both reliable and affordable. Steelite has always done a great job developing new products, allowing us to constantly explore new presentations for our guests. With Steelite, we are confident that our service-ware will stand the test of time. For us it's Steelite all the time!

GREG BEST PARTNER • *Ticonderoga Club Atlanta, GA*

As operators in the fast paced world of hospitality, we consider innovation an absolutely critical survival skill. Few companies represent innovation as effectively as Steelite, which is why we value our partnership with them so highly. The limit of the imagination is the only restriction when it comes to defining our restaurant's narrative with the exceptional presentation pieces Steelite offers.

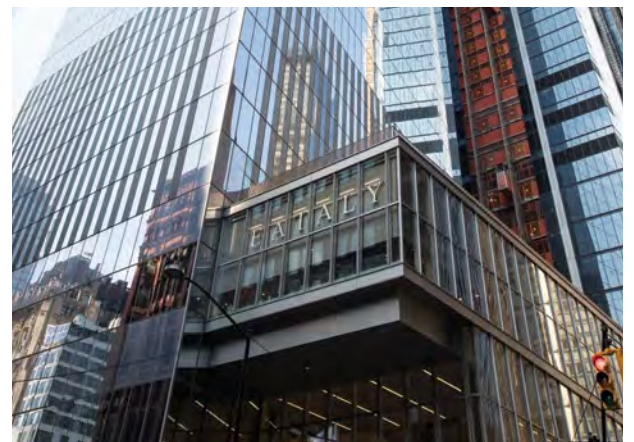

MIKE ISABELLA OWNER MIKE ISABELLA CONCEPTS • *Requin Mosaic Fairfax, VA*

We use Steelite products at all nine of our restaurants because they are durable, functional and sleek. There is a great variety among the design options, so we will continue to use Steelite as we expand.

PATRICK O'CONNELL CHEF/PROPRIETOR • *The Inn at Little Washington* Washington, VA

I've always been intrigued by the dialogue between food and its presentation. The right plateware is an essential part of the narrative. Working with Steelite has been a delightful collaboration for us at The Inn at Little Washington. Their one of a kind designs allow us to match the perfect plate with every course.

MARIO BATALI CHEF, RESTAURATEUR & ENTREPRENEUR • *Eataly* New York, NY & Chicago, IL

For years my family and I have used Steelite at home to enjoy our espresso. The size and design are perfect for sipping, the durability unparalleled and the aesthetic one that I highly suggest everyone has in their kitchen.

REX HALE CHEF • *Boundary St Louis, MO*

For many years and restaurants I have become a fan of Steelite products. I have enjoyed the exceptionally creative canvas for plating food. The durability and innovative patterns are unmatched. When opening Boundary, Basso, and 360 we chose a variety of patterns to present our cuisine, elevating the presentation to a rare appreciated joy.

JEROEN J. HANLO VICE PRESIDENT OF F&B OPERATIONS • *Karisma Hotels & Resorts*

We call it the perfect match: Karisma Gourmet Inclusive & Steelite. In our wide selection of restaurants, presentation and harmony go hand in hand with a great partner. There's never a dull moment in the dining experience with Steelite's extensive variety of products. A perfect balance of what you do for the plate, and what the plate does for you, brings the resort gastronomy to the next level.

ELBERT WIERSEMA EXECUTIVE CHEF • *Elements on the Falls* Niagara Falls, Ontario

At Niagara Parks Culinary, we're proud to be "Feast ON" certified at all of our full-service restaurants, including Elements on the Falls. This shows locals and travellers alike that we are committed to supporting the many growers, producers and craftspeople that make up Ontario's unique tastes of place. And with the durability, quality and wide range of styles in Steelite tableware at our disposal, we know our food presentation will be just as unique as the land where it's grown.

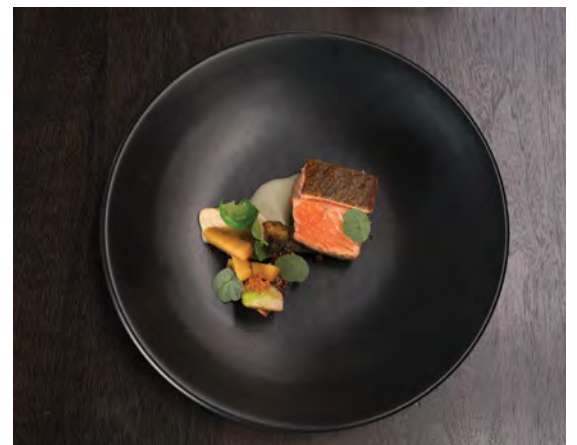

DAN CRAIG EXECUTIVE CHEF • **SOCO**, *Delta Hotel Toronto, Ontario*

A major component in our menu development evolves around the service-ware. Steelite has been a major part of our arsenal now for many years. The elegance, durability and versatility in their range of products is unmatched. Their diverse product line evolves each year reflecting current trends and also staying ahead of the curve in terms of design and functionality. Not to mention, that their team of professionals are highly trained and a pleasure to work with.

JOHN DOHERTY EXECUTIVE CHEF • *Black Barn New York, NY*

I first started using Steelite while overseeing the kitchen at New York's Waldorf Astoria and it wasn't until Steelite stood behind their product in a big way that made me a believer. What has really surprised me about Steelite is the durability of the line. Today at Black Barn we use quite a few pieces and colors of the Wabi Sabi collection, which has made simple food look stunning.

GAVIN KAYSEN CHEF & OWNER • *Spoon and Stable* Minneapolis, MN

As a chef I find there is a difference between art and commerce, but working with Steelite, I am able to express my feeling as both. The plates are a clean canvas to our food, the art, while maintaining the affordability of having such beautiful and durable plates on my table every night at the restaurant.

ALEX STUPAK EXECUTIVE CHEF & OWNER • *Empellón Cocina* New York, NY

For me, Steelite is the best of all worlds; durability, elegance and a diverse range of aesthetics. Like my favorite restaurants, every year their collection evolves. You get to order your favorites but there is always something new on the menu.

THOMAS BUCKLEY EXECUTIVE CHEF • *Nobu Miami Miami Beach, FL*

It's very rare that something encompasses both form and function, but La Tavola by Steelite has succeeded with flying colors. The whole process of working with Steelite and the La Tavola team, from the initial design, placement and training to choosing the color scheme and buffet pieces, is similar to that of purchasing a luxury car. The beauty and simplicity of its design provides inspiration for myself and my team.

RICH PENNY CHART HOUSE CONCEPT EXECUTIVE CHEF • *Peohe's Chart House, Landry's Inc. San Diego, CA*

We are very proud to partner with Steelite at Chart House Restaurants. Steelite products bring a unique quality to the presentation of our menu items with their beauty, sophistication and contemporary design. Steelite is the industry leader in strength and quality for plateware, and considering the high volume of our operations, we are very pleased with the performance of our Steelite products.

WADE WIESTLING VP OF CULINARY DEVELOPMENT • *The Oceanaire Seafood Room, Landry's Inc. Minneapolis, MN*

I have used and been a fan of Steelite for over 20 years. Their innovative and cutting edge patterns, shapes, designs and colors instantly elevate our food to the next level. The quality of the products, the durability, their customer service and the fine partnership we share with Steelite are second to none.

MIKE FRIETSCH SIGNATURE GROUP EXECUTIVE CHEF • *Brenner's on the Bayou Houston, TX*

I've been a fan of Steelite for years. The quality and durability are unmatched. Seldom do chefs look for inspiration outside of ingredients, but for me Steelite is the finishing touch that transforms every item to a new level. I choose each piece of Steelite as an artist would select a canvas for their masterpiece. In fact, after working with them for so long, I discover myself looking at the china as the first step in my creative process. And I always catch myself in other restaurants raising the plate to see if it's Steelite before taking my first bite.

JOHN BAKER CONCEPT EXECUTIVE CHEF • *McCormick & Schmick's Houston, TX*

Our restaurants were recently remodeled to give guests a fresh and contemporary experience. Steelite helped us reach that goal and its durability has been exceptional.

DANIEL ESTEVEZ F & B DIRECTOR • *Intercontinental Miami Miami, FL*

In this industry we strive to be creative and put a lot of emphasis in the presentation of our product; Steelite is the kind of partner that gets it. They understand what the restaurant and hotel world are looking for. Working with Steelite helped us stand up above the competition and using their products makes what we do look even better.

AARON LIRETTE EXECUTIVE CHEF • *Green River Chicago, IL*

Steelite has always been a top choice of mine for both glassware and china. They stand out among the rest for the versatility in styles and durability they provide, especially with the addition of the stunning Wabi Sabi line.

ELIZABETH BLAU AND KIM CANTEENWALLA • *Honey Salt Las Vegas, NV*

Steelite is our partner of choice for all our tabletop solutions. The breadth of the products are beyond compare. The Craft line is a welcome addition to their collection; it is both gorgeous and durable, and shows the company's commitment to creativity in design. Above all, we work with Steelite because their customer service and support is the best in the business.

smooth, modern lines provide a dramatic tabletop statement

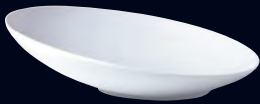

Offering a modern departure from the traditional table setting, Sheer takes geometric design to new levels. Cool and contemporary in style, Metro looks equally stunning with its softly rounded corners and curved edges. An ideal complement to the modern ranges of Sheer and Metro, Neo offers a smooth, refreshing take on traditional shape and design. Likewise, Contour offers a truly individual presentation, with seamless lines and a modern twist on round plateware.

David Kinch

a daring pattern for a dramatic presentation

Koto, one of Steelite International's most unique ranges, was designed in collaboration with world renowned chef, David Kinch. The inspiration was drawn from ancient Japanese Tenmoku Glazes. These beautiful glazes vary subtly in texture and tone from piece to piece, embodying the craft of the traditional potter. The pieces are hand finished with a rich iron red glaze, which interacts in the kiln to produce a warm, organic, lustrous effect. The deep black textured surface allows food to be perfectly framed, adding drama and contrast to your presentation.

natural inspired warmth

Craft is inspired by hand-crafted, simple country wares made by generations of potters over hundreds of years. The range embodies the beauty of rich, lustrous glazes applied by hand, and celebrates chance effects and reactions which occur naturally in the kiln. The gem-like glazes married to simple forms and shapes produce a unique and individual appearance, giving Craft a rustic "joie de vivre."

the ultimate teapot

This newly-designed teapot is elegant, yet functional and perfect for pouring an exceptional cup of tea every time. Its carefully crafted design allows for great heat retention, a comfortable and easy grip, and a defining spout that showcases each pour. Paying homage to tradition, the teapot is playful, entertaining, timeless, highly functional, and most importantly, a joy to use.

- the stable, rounded shape helps retain heat in the liquid in the most efficient manner
- an open aperture lid provides a cleaner look and an easy grip, while avoiding damage or breakage similar to that of a traditional knob
- the semi-circle handle is simple and sturdy, designed to ensure close aesthetic affinity with the lid
- the spout is a fine balance of thickness, shape, and length, while highlighting a unique crevice in the top of the spout that has been cut back to provide a clear vision of the tea as it emerges from the pot

A surprisingly “old” yet contemporary design taken from an 1800’s mold, Quartet was stylishly modeled after a popular dish towel design of that time. Impressive in single piece use or when nested or presented in combination, Quartet’s charmingly designed collection is sure to delight any guest.

extremely stable, non-slip foot

Odyssée is an innovative collection using modern shapes, distinguished by its sturdy construction and made extremely stable (virtually non-slip) by a silicone “foot” on the bottom of the dishes. The patented process of the PilliBLOC® technology is characterized by a double groove carved into the base of the products and filled with a silicone film. This allows Pillivuyt to create non-slip products that will cling on all surfaces even at an angle of 30°.

CRUCIAL DETAIL

ultimate style from the master of design

Martin Kastner's diverse career began in an unconventional way, at a 16th century castle restoring historical metalworks in Western Bohemia. From blacksmithing to design to conceptual art projects, a common sense of function and aesthetics ties Kastner's work together. His unique chef driven pieces revolutionize the way we think about food.

The journey for Crucial Detail began in 2003 when Chef Grant Achatz contacted Kastner and a culinary collaboration was born. Their first project, a collapsible tripod for frozen hibiscus tea, profoundly resonated with guests and planted the seed to countless designs for the famed Alinea restaurant. Kastner also designed the showpieces for Team USA in 2015 & 2017 at the famed Bocuse d'Or Competition in Lyon, France. Additional collaborations with notable chefs including Laurent Gras, Wolfgang Puck and Alex Stupak have captivated the industry by creating entirely new and beautiful ways of presenting food.

subtle design, elevated presentations

The timeless subtle design of the Plateau collection seamlessly marries form and function, reimagining the concept of a chef's blank canvas. A subtle relief in the center allows chefs to compose against a backdrop of gentle light and shadow. Elegant in its simplicity, this collection elevates the flat plate above the table's surface for ease of transport without compromising presentation.

(emphasize) food presentations

Bringing the chef's presentation to sharp focus is what first inspired the Parentheses collection by Crucial Detail. Smooth, clean lines of each piece bring the emphasis to the center of the plate. Just as parentheses surround an amplified word within a sentence, this collection draws attention to where it should be – your food.

Paul Liebrandt

subtle relief with a modern design

Gaining inspiration from the idea of a Zen Garden, the Paul Liebrandt collection by Rene Ozorio portrays a delicate, modern texture for any small presentation. These unique pieces contain a more subtle relief to provide a contemporary and minimalist backdrop for food presentation.

thoughtfully composed, creatively ozorio

Classic, yet contemporary porcelain, the Sonata collection's embossment is a delicate note which complements the strong direction of the shapes. A welcome departure from the formal "nouvelle" and "fusion" cuisine of the past, Sonata's sophisticated embossment of radiant lines centers the visual focus on the well of each plate and bowl, placing emphasis on the cuisine being served.

geometric shapes with soft corners

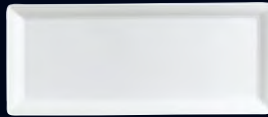

Aura Squares & Rectangles add an exciting dimension to the traditional geometric platter. With varying heights and proportions, the collection stands well alone or when used as a complement to the traditional round table service. A sensuous curve softens the vertical lines of each plate and bowl.

flowing unbridled elegance

Though seemingly free-form, each Venus piece is uniform in shape, offering stackability. "This juxtaposition of uninhibited style with uniform structure creates the perfect piece for optimizing both practicality and presentation. To make the sparkling frost of the dawn dance," says Catherine Hurand, "I've played with fire."

your go-to glassware for classic cocktails

what's old is new once again

New York club scenes of the 1930's and 40's evoke images of dapper men in tuxedos opening doors for their ladies dressed to the nines, long white gloves...a drink with friends. Steelite International and Rona recapture classic cocktail service from a bygone era with the Minners Classic Cocktail Collection.

BORMIOLI ROCCO

leading the way with state of the art glassware

Bormioli Rocco's first glassware factory dates back to 1825, but historians say the origins of Bormioli Rocco glass can be traced to the Middle Ages. With stemware, tumblers, beer glasses and iconic food storage jars gracing tables around the world, quality is the cornerstone of the foundation supporting the Bormioli Rocco brand. The manufacturing facilities utilize state of the art technology and economically source only the best raw materials. From the finest sand imported from Germany to organic glazes used to color glass, all are brought together in products influenced by exhaustive design research. Thanks to continuing investment in technology, research and design, Bormioli Rocco has become one of the leading glass manufacturers in the world.

the elegance you want, the durability you need

“In alto i calici” is the traditional Italian phrase meaning to “Raise your glasses” before a toast. The inAlto collection is Bormioli Rocco’s toast to fine Italian design and was created with the restaurateur in mind; providing the elegance you want, and the durability you need. The distinctive angles and tall, thin stem beautifully enhance a table setting. The brilliancy of Star Glass provides the guest with an exceptional wine tasting experience, while the durability of the XLT strengthened stem maximizes operator value. InAlto exemplifies the passion of Italian design, grace and quality.

sanitize & chill glassware in seconds

Thrill is a brilliant machine that sanitizes glassware in seconds and keeps drinks cooler longer, neither watering down nor altering the flavor and aroma of beverages. A glass that has been properly cleaned and sanitized enhances the overall taste experience. The invisible residue that remains after washing may adulterate the taste and odor of drinks, compromising the quality of the products served. With Thrill, it takes just a few seconds to thoroughly sanitize and chill the glass, leaving the product completely free of any unpleasant odors or aftertaste, allowing for a truly unique tasting experience.

In order to ensure an efficient and effective level of sanitation and cooling the cylinders used must be fitted with a syphon tube. 20Lb CO₂ tank recommended. Please consult local CO₂ provider for proper requirements.

stylish safe and efficient

Steelite International expands our buffet service collections with the addition of Worthy, Noble & Kent 18/10 stainless steel induction chafers. The tempered glass lid provides clear visibility of the food without opening the lid which means greater heat retention and quality of food. The low profile keeps the chafer closer to the countertop surface for better presentation and access to the food. The new induction chafers are not only stylish, they are a safer and more efficient way to display and serve food. Induction cooking and heating continues to be the wave of the future; it delivers consistent results and reduces the risk of scorching and overheating foods.

...you're doing it right.
Letting accomplishments go unrecognized. It's easy to underestimate the power of a pat on the back, especially with top performers who are intrinsically motivated. Everyone likes kudos, none more so than those who work hard and give their all. Rewarding individual accomplishments shows that you're paying attention. Managers communicate with their employees and find out what makes them tick. (For some, it's a pat on the back.)

...strength is an important quality. **Tolerating poor performance.** It's said that in jazz bands, the band leader is only as good as the worst player; no matter how great some members may be, even one mediocre player can drag down the entire group.

...Making Things Better
Once managers have eradicated the seven negative behaviors that demotivate their best people, it's time to replace them with the following behaviors that make people love to work for them.

...Golden Rule. The Golden Rule states that you want to be treated the way you would like to be treated. It assumes that all people are created equal. In the workplace, this means that managers should treat their employees with the same respect and dignity that they would expect to receive.

...that managers frequently fall into this trap. Overworking employees is perplexing. **Be a role model, not a preacher.** Great leaders inspire trust and admiration through their actions, not just their words.
