

Large Cocotte **6659V971** D 9 7/8" (4 qt) Lid **6659V973** D 9 7/8"

***ultimate mechanical and thermal shock resistance***

The Ulysses Collection allows you to cook directly on all types of appliances including direct flame, oven, microwave, electric burners, ceramic, and induction cooktops. The hardness of the proprietary satin-matte glaze makes Ulysses virtually non-stick and very easy to clean. Extremely thermal shock resistant, the products can go from freezer to oven to tabletop. Multi-functional lids can be used during cooking then placed on the table as a trivet for serving.
