

THRILL
The ultimate in Sanitation & Freezing

THRILL

steelite
INTERNATIONAL

sanitize & chill glassware in seconds

Thrill is a brilliant machine that sanitizes glassware in seconds and keeps drinks cooler longer, neither watering down nor altering the flavor and aroma of beverages. A glass that has been properly cleaned and sanitized enhances the overall taste experience. The invisible residue that remains after washing may adulterate the taste and odor of drinks, compromising the quality of the products served. With Thrill, it takes just a few seconds to thoroughly sanitize and chill the glass, leaving the product completely free of any unpleasant odors or aftertaste, allowing for a truly unique tasting experience.

CO₂ Requirements: The Thrill Tabletop and Built-In operate using food grade CO₂ for sanitization and chilling (sold separately). In order to ensure an efficient and effective level of sanitation and cooling the cylinders used must be fitted with a syphon tube. 20Lb CO₂ tank recommended. Please consult local CO₂ provider for proper requirements.

D=Diameter L=Length W=Width H=Height • All Products are Measured at Max Capacity (oz)
